

# Patron's Selection

The Clinton Public Library maintains a large collection of romances, westerns, mysteries, biographies, fiction, non-fiction, inspirational, science fiction, and best sellers. Large print books are printed for readers who have difficulty reading the average type in most books. The library also has a wide selection of audio books on cassette and Cds, plus Dvd's.

Patrons are free to request books that the library does not have in its collection, to order books from other libraries through the interlibrary loan, and to reserve books which are not on the shelves.

Look over the genres listed on the next page and check which genres are your favorites.
