Class Poem

The time is near when we must part
From Dear Ole Chrisney High
To meet the unknown destinies
That now before us lie.

When days roll by, everyone'll look back
And say that we were "nifty"
But for the present time, here we are
The class of Nineteen-Fifty.

Bob Bennett's here and everywhere
He's always on the go
Mention almost any girl from DALE
And she he's bound to know.

Now Walter Beumel has the brains
He's Student Council Boss
And when he leaves C. H. S.
There sure will be a loss.

Ralph Beren's not an expert on love
But someday he might be,
How the moon has anything to do with Romance
Is something he can't see.

Sweet Lois Byrne from Tub Town hails
She drives her "Chevy" well
And when Boot Meyer is by her side
Boy, do they look swell.

There's a girl that lives down Grandview way
Joanne Cotton, we call her "Jo"
She's quite a hit with all her friends
She'll stay that way we know.

A sweet young thing is Nora Jean C.
Who lives up Troy way
She has so many boy friends there
No wonder she's so gay.

Next on our list is Core May Doyle
In height, she is so short
But in her classes, you'd be surprised
That girl is really sharp.

Charles Dugas is quite a lad
He always has a girl
But at the present time, it seems
He's got Lois S. in a whirl.

A member of our class is she
And she is a shy little one
Yes, you know of whom we're speaking
None other than Evelyn Dunn.

There's a boy in our class
Earl Dupont is his name
His friendly ways with everyone
Is sure to bring him fame.

Bill Gooch is a studious boy
At the girls he seldom will look
I think he finds it much more fun
Just to get entranced in a book.

Hilbert Grigsby in his blue Ford
Going to DePauw is his joy
To see a certain red-haired miss
Whose name is Martha McCoy.

Next there is that Hagan girl
Her first name is Bobbie-Jo
And when she departs from Chrieney High
Everyone'll miss her we know.

Joan Hertzling is an urban lass
Who lives in Midway city
The way she plays in Carisney's band
I tell you, it's a pity.

The next one is Kenneth Huebschman
He's as friendly as can be
Ask any of the C. H. S. students
And I'm sure they will agree.

A tall yell-gal is Wandalea Johnson
Whose hair is red as fire
She loves Ben V. with all her might
He is her heart's desire.

Karol Kramer is next on our list
He really knows his stuff
You may think he's bashful
But you don't know him well enough.

A tall, handsome, brown-haired lad
Ralph Lorenz is his name
Just ask him and he'll tell you
That from Evanston's where he came.

Lora Agnes Lovell, a stateley miss
She laughs and seems so gay
She certainly is a jolly one
Let's hope she stays that way.

Lila Ann May, next on our list
Has her future all planned out
She wants to be a registered nurse
And a good one she'd make no doubt.

Our big Boot Meyer loves basketball
He's captain of our team
But when Lois Byrne gets close to him
He really gets up steam.

Mary Mosby is an attractive girl
Everyone does like her so
And after graduation day
She'll go far in this world we know.

Veda Nash is the quiet type
An efficient student, is she
We know she'll be a success some day
For that isn't hard to see.

Wilbert Polster is a blonde-haired lad
He's the tallest one to be found
Just make a trip to Evanston
And you're sure to see him around.

The next one is Kenneth Pruess
And this we know to be true
That when it comes to hard work
There's not much he can't do.

Doris Ann Rice is the brain of the class
This we know very well
But when it comes to friendliness
That girl is really swell.

Glenna Richard is a nifty miss
With her red hair so bright
Her heart is in a flutter
Cause Ralph is her delight.

The bride of our class is Bessie H. Samuels
She was married during Christmas week
And after our graduation day
With Don happiness she'll seek.

Rosella Silverthorn is quite a cute trick
She's cheerful all the while
It's fun just to be with her
For she always wears a smile.

Dark-haired Mona Smith
Is smart as well as neat
There's a guy in her life named Delbert
Whom she thinks just can't be beat.

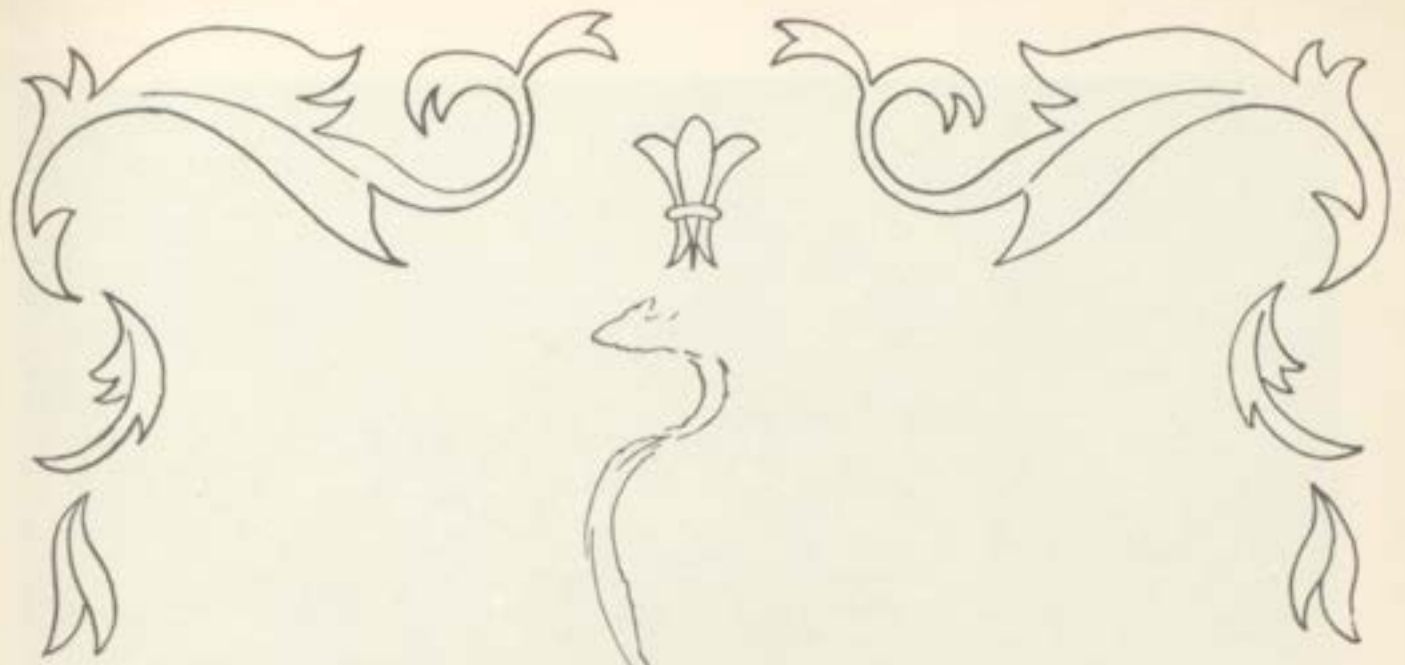

Norma Smith, a quiet girl
Just loves to go to school.....
She always does what she is told
And follows the Golden Rule.

June Tullis has been our cheer-leader
For quite a while it does seem
We all admire her cause she's really good
As she is always on the beam.

Ben Varner is a handsome lad
He's quite the wolfish type
He must be a hit with Wandalea
Cause they're out most every night.

Garland White is last on our list
A cheerful sort of boy
And during the coming years, we know
In his life, there'll be much joy.

And now that you have met them all
We're sure you will agree
That we're the class to mark the half
Of the twentieth-century.

SCHOOL FUN

As the end of our last year of school comes before us, we the seniors of 1950 look over the years we have spent in good ole Chrisney High School and recall some of the things that members of our class have done. We remember when.....

As Freshmen we were as green as any other class, but we didn't think so at the time.

We remember sleeping in Mr. Adams' algebra class and getting by with it.

In Mrs. Banister's girls biology class a pet got out of it's jar. We wonder how it got out, maybe someone let it out.

As Sophomores, we took the class tourney, and the class of '49 got angry because they thought we had cheated. The Tell City radio station surely came in handy for our little arguments.

We went to St. Meinrad to see the play, Julius Ceasar, and on the way home most of the cars got on the wrong road. Wonder why? It could have been because we wanted to.

The Junior year was a jolly one.....

Lila Ann and Glenna set an alarm clock in the library to go off in one of Mr. Adams' classes.

In Mr. Maas' assembly ever so often, a piece of wood would squeak under someone's foot, which would make your hair stand on end.

Mr. Reel would stand boys in the corner for meowing like a cat. Yes, they were some of the boys in our class.

We remember the hardwork which came when we gave our Junior play and the fun we had at play practice with Miss Susott. We were mean but it was fun. Some of our characters, Bobby and Marvin, forgot their parts so they added parts which gave everyone a laugh.

As our dignified senior year came along we began to wonder if we were very dignified.

Ralph Beren taught us about love in Literature class, boy, was he romantic!

Some of our class followed the Juniors eating celery and carrots etc. in school. We thought they had turned into rabbits.

Mr. Adams told us that we couldn't think. Wonder why?

We hope you will remember these memories and the members of the class of 1950. We will never forget you fellow class mates and we will always remain faithful to you and to ole C. H. S.

May 1, 1960

My dear cousin Adelaide,

It's been so long since I wrote you that I am quite ashamed of myself but I'm sure you will forgive me when you realize how busy I have been for such a long while. It seems as though I simply can't find time for a minute to myself. It has been so hectic here in Washington the last few weeks. It always is, of course, but this year it seems even worse than ever.

I was invited out to the home of someone I believe you knew quite a few years ago. Mr. Ben Varner, who is the Congressman from your district of Indiana. He is one of the newer faces in Washington, you know. He and his lovely wife, Wandalea do give the loveliest parties. We had no end of fun that night.

Another old friend of yours who was there at the party was Miss Vedah Nash. She is the brunette that is making such a success as a model. I believe she is to be tested for television soon.

One of the head nurses from the Walter Reed hospital was at the party that night too. I imagine you would remember her as Lila Anne May. She married that young man from Louisiana, but I can't think of his name right now. You probably remember yourself.

Another of your old friends was in Washington on business just the other day. Of course, I'm very stupid about such things but I believe he is becoming quite well known in the field of scientific research. His name is Kenneth Pruess.

Speaking of old friends I must tell you about another I saw recently. While traveling through the west last year, I ran across your old friend, Ralph Beren. He and his wife, Martha Jean have a lovely ranch in the isolated desert of Arizona.

I ran up to New York last week to take in a few shows on Broadway. The star of one of the funniest shows of the season is Bob Bennett, who has finally edged out Jimmy Durante for the lead.

When I attended the Indiana state basketball finals this year, I was very glad to see Chrisney High School come out on top. They have been improving steadily ever since Leroy Meyer started coaching there. He and his wife, Lois, are both graduates of Chrisney.

At one of the official parties not long ago I met the first woman Admiral in the Navy, Nora Jean Cotton. She continues to use her maiden name because she outranks her husband, Jim, who is also in the Navy. I believe he is a Seaman First Class.

There really has been no end of people from the old home town in the capital the last few months. I'm quite certain you must remember June Tullis. I had luncheon with her just the other day. Of course, she's Mrs. Price now. She and her husband and children had been down in Virginia for a short vacation.

When the Philadelphia Philharmonic Orchestra was here in April I met one of your old classmates. Cora May Doyle plays some sort of instrument in the orchestra. I'm sure I don't know what it is. She is becoming quite a famous soloist though.

Earl John Paul Dupont is becoming quite well known in the field of aviation. He tests the new jet planes. The ones without wings or motors, that run on water. Wouldn't you just know it???

While I was in New York, I attended the Carnegie Hall recital of the famous concert pianist, Martha McCoy Grigsby. She plays while her husband, Hilbert, turns the pages.

Since the new baseball season has started, I have been hearing a lot about Walter Beumel. He is the new first baseman for the Brooklyn Dodgers this year.

While I was getting on the train at Chicago a conductor spilled something all over my clothes. Immediately I demanded to see the railroad owner. When I was taken to his office I thought I recognized those big feet, and who do you think it was! None other than Wilbert Polster.

I was in Atlantic City last summer to see the Beauty contests. I immediately recognized Mrs. America of 1959 as the former Rosella Silverthorne of Evanston.

The famous taxidermist, William Gooch, II was lecturing recently at Yale University. His topic was "The Art of Stuffing a Crow".

I noticed in the Evanston "Daily Tribune" that Ralph Lorenz had been arrested for "moonshining". He was taken into the Supreme Court by the famous investigator, Garland A. White.

Lady Archibald Herringbone-Hemingway XVI, of Sussex, who is the former Joanne Cotton, graduate of Chrisney High School, has publicly stated that she will leave her vast estate to her alma mater.

While walking down the street in Hollywood, I spotted a quaint French Chapeau Shoppe, owned by Mademoiselle Fifi Ricee'. I noticed the name seemed familiar so I inquired inside and found that Mademoiselle Fifi is otherwise known as Doris Ann Rice.

I was driving through the well-known town of Newtonville, when something went wrong with the mechanism of my Cadillac. I went at once to Ralph Hagan's Pontiac-Cadillac garage there in the town. As I entered the office I noticed the general manager was none other than Ralph's wife, the former Glenna Richard.

When I traveled on to Texas, I also had the opportunity to pay a short visit to the famous Bar XX Rancho. They have some of the most beautiful and fastest race horses in the country today. Of course, everyone knows that the ranch is owned by Charles Dugas.

On the return trip from the west I relieved much of the monotony of the trip by watching the television set in my compartment on the train. One of my favorite programs is that very funny show, "Leave It To Joan," which of course--stars Joan Hertzling.

I also heard on a news broadcast over the radio that the famous woman photographer, Mary Mosby had gotten some wonderful shots of an earthquake in South America. I'm looking forward to seeing the shots in the newreels. Her work really is very good.

I arrived back in the east just in time for the championship wrestling matches at Madison Square Garden. I was fortunate enough to get very good seats in the garden. I also got to meet the new champion, Kenneth Huebschman, later in the evening.

Sitting next to me at the wrestling matches was the former Lora Lovell and her husband, General Weatherholt. They had just returned from overseas as the General has been serving as a military attache' to the diplomatic service in London.

I arrived back in Washington last week just in time to hear the lecture being given by the woman doctor, Evelyn Dunn. Her talk was very interesting and educational. She has spoken in many of the leading cities over the United States in the past year.

When I attended the Russian ballet my excursion backstage was very fascinating. Once you are backstage you find that all the color and pageantry come from really hard work. I also found out that one of the Russian dancers with the Indiana accent was Miss Bobbie Jo Hagan and not Bobbenska Haganaki.

Just last week I went to an art dealer and bought some new pictures for my office. I was lucky enough to get a wonderful picture of a cocker spaniel by the new painter of wildlife, Karol Kramer. His paintings are all very real looking and considered very good by some of the best known critics.

I was looking for a house in Tell City the other day so I went to see a real estate agent. I was invited by the agent to go to his house for dinner that night. I was surprised to find that the agent's wife was the former Mona Smith.

She told me that her cousin, Norma Smith, was teaching English in the local high school. She has also written a book but I just can't think of the name of it right now. "Forever Golden" or something like that. It's expected to reach the best-seller class any day now.

Well, that just goes to show you how busy I have been the last few months. I am simply snowed under with activities and such. Last night was the first time I had gone to the movies in simply ages but I saw a very good show. I can't remember the name of it right now but it starred that lovely blonde, Bessie Harris, and was directed by her husband, Don Samuels. They are considered another one of Hollywoods ideal couples.

I really have dozens of things more to tell you but I must close now. The president is giving a reception tonight and I simply must attend. I do hope this is an interesting letter to you. I am very sure you will recognize many of the names I have mentioned. Well, as they say, all good things must come to an end so I shall simply say, Au revoir.

Your loving cousin,

Mehetible
